

K LOVE is a vital part of my spiritual growth! It encourages me daily when I'm driving or at home! The music that is played on there is the safest and most uplifting music there is today. Here in Oxford I know a looooooot of people listen to it, especially college kids that go to Ole Miss. If you took KLOVE away I can guarantee you there will be a nationwide uproar and some very upset residents here in Oxford. This country needs KLOVE. This town needs KLOVE. People always say, "there's still good left in the world"...well if you take KLOVE off the air, there's one good thing you're taking away. It doesn't hurt anyone, it only encourages and uplifts people in their daily walk with God and encourages people in their life in general! PLEASE DO NOT take away our KLOVE! Thank you for taking time to read this!
